

## *6 DIYs to get rid of Cabin Fever with American Girl*

The winter brings its own challenges when it comes to entertaining your kids. Kids get restless and the saying “I’m bored” seems to become even more popular during this season.

American Girl dolls open a door to endless creativity. Creating new accessories for your child’s dolls will provide entertainment for days on end.

### Hot Cocoa

Hot cocoa, a classic winter tradition, will bring warmth and comfort after coming in from a long day playing in the snow. Now when your child drinks hot cocoa, so can her American Girl doll.

You will need a toy teacup, a cotton ball, felt and glue.

### Hair Bow

The endless possibilities of dressing up an American Girl doll allows you to customize your doll’s look. Add a personal touch to the doll’s final look with a DIY hair bow.

You can also make a matching hair bow for your child as well. Create multiple to match many different outfits.

You will need ribbons, buttons, hot glue and clips.

### Sweet Treats

Everyone has a sweet tooth, including American Girl dolls. Use these special recipes to create miniature brownies, cupcakes and milkshakes out of felt.

These desserts are a perfect finishing touch to any doll’s kitchen set.

You will need multiple colored felt, beads and hot glue.

### Clothing Rack

Keeping track of all the dolls' clothing can get tricky. Do not lose the dolls clothes in box but instead display them on this DIY clothing rack.

You will need multiple pieces of wood, drill, hammer, nails, glue and paint.

### Lemonade Stand

Bring summer inside with a DIY lemonade stand. Do not let the cold weather stop your family from enjoying a refreshing cup of lemonade.

You will need a box, wrapping paper tubes, hot glue, foam board and decorations.

### Bean Bag Chair

A comfortable place to relax and read is a great addition to any room. Choose a fabric that will coordinate with your child's room.

You will need fabric, scissors, stuffing, and a needle and thread.
